6. **Highlights:**

Mallabhum Institute of Technology was established in the year, 2002. This is one of the oldest private engineering colleges of West Bengal. There are five engineering streams in the Institute i.e. Computer Science & Engineering (Intake – 120), Electrical Engineering (Intake – 60), Electronics & Communication Engineering (Intake – 30), Mechanical Engineering (Intake – 90) and Civil Engineering (Intake – 60). On its way forward, it has achieved many milestones. The passed-out students of this Institute are scattered across the globe and serving various organizations. Some of the students are working in India in highly respectable positions and thus serving the mother India with their own capacities. Since the inception of this Institute, it has focused on the proliferation of technical education amongst the underprivileged communities of the locality. Although, the sponsoring authority of Mallabhum Institute of Technology, Mallabhum Human Resource Development Trust started with a graduate engineering college, later the Trust has opened a diploma engineering institute, Mallabhum Institute of Polytechnic and Mallabhum College of Pharmacy for focusing more on technical education. The campus is situated amidst a green pollution-free environment which contributes to the development of mind and body. However, the college is an important entity specially in the western region of the state, West Bengal
